

# An Informational Evening for K-2 River Edge Parents

Thursday, October 13, 2016 @  
The Project Room @ New Bridge Center  
7:00 - 8:30 p.m.

Do the younger grades get  
to use technology in the  
classroom?

I wonder what kind of  
technology the students are  
using?

Parents will hear from a district technology coach, a kindergarten teacher, a first-grade teacher, and a second-grade teacher about how meaningful technology is infused into the curriculum. Parents will also experience a technology-infused grade-level lesson.

**Presenters:**  
Technology Coach: Susan Miele  
Kindergarten Teacher: Colleen Poole  
1st Grade Teacher: Alice Buttery  
2nd Grade Teacher: Nichol DelRosso
