

Summer Challenge

Dear Almost 2nd Graders,

Here are some things you can do to keep your skills sharp over the summer:

- ❑ Keep a journal and write down your daily adventures (big or small).
- ❑ Read at least 20 minutes each day. (Try logging on to the Scholastic account that your school librarian created for you!)
- ❑ Complete the "Daily Summer Activity" and log it in your journal. There is a calendar attached, with a task for each day.

Have a great summer and keep your brain busy!
