### **REPORTS**

#### **SUPERINTENDENT**

Dr. Brockel reported on the following:

- Dr. Brockel stated the Governor has made several decisions since the last time he wrote to the community. Dr. Brockel feels the most important is the Executive Order that all students, educators, staff, and visitors are required to wear masks inside of the school buildings regardless of vaccination status for the 2021-2022 school year. There are some exceptions to this mandate: exposure to extreme heat indoors, trouble breathing, an IEP which precludes masking, while eating or playing an instrument by mouth, during high intensity physical activities in physical education, and under 2 years old for visitors. Wearing a mask outside remains optional.

- Dr. Brockel went over another critical mandate that states all staff must be vaccinated or be tested a minimum of once a week. The staff has the month of September to comply with this mandate.
- Lunch is an issue since students will be unmasked during a 26 minute period. We have extended the span of time during lunch periods. This will help with reducing the crowding of students at lunch tables. In Cherry Hill School, Kindergarteners and First Graders will eat in their classrooms due to a larger enrollment of students.
- Dr. Brockel announced that parents may pick up their children to have lunch at home, rather than in school. Parents who opt for this should register with the school's Principal as soon as possible. This will not be a day-to-day option; rather a consistent everyday practice until COVID restraints is lifted.
- Another option will be a Principal's decision. When weather permits, lunch will move outside to the peaceful playground at Cherry Hill School and on the lower blacktop at Roosevelt School. Students should have mats or towels in school ready for this opportunity.
- We have said that we would utilize the trifold partitions in the lunch rooms as a preventive to avoid students from leaning over to each other without distancing. This is another layer of safety to prevent sharing of food. Distancing and ventilation are recommended.
- The Governor is adamant that all students and staff return to in person this school year. There are no exceptions for virtual learning, unless a student is out on a COVID-related quarantine. The Department of Education has been clear that quarantine, due to COVID, must not be counted as an absence. Teachers must allow the students to Zoom into class for the duration of the quarantine.
- Dr. Brockel stated in conjunction with the CDC and the Local Department of Health, our quarantine rules are still in place. There are no requirements for vaccinated people. Unvaccinated people must obtain a viral test 3-5 days after returning from a domestic location and remain quarantined for 7 days. Without a test, they must quarantine for 10 days. International travel is different, depending on the color code of the destination.
- These mandates and recommendations are in effect now but their status is dependent upon the Delta Variant increasing or decreasing in the future. Dr. Brockel stated despite some of these restrictions and considerations, our staff is excited and happy to begin this new school year.

**OLD/NEW BUSINESS**

Ms. Brown thanked the River Edge Board of Education for their kindness to her family during and after the loss of her mother.

Ms. Kang would like to have liaisons to different parts of our community, including our PTO's and Mayor and Council.

Ms. Doyle asked if Dr. Brockel can look up the definition of troubled breathing for the exception of mask wearing.

**PUBLIC DISCUSSION**

Lauren Thiffault (159 Greenway Terrace): who made the decision to use tri-fold barriers during lunch and what are the criteria for removing them? Dr. Brockel responded the district has used them prior to his arrival in March. The district decided to use them during lunch as an extra layer of protection. As the vaccination starts for this age group and more children are vaccinated or as some of the restrictions begin to lift we can look into removing them. Ms. Kang responded we will try to have lunch outdoors when possible, and to have the doors open in the lunchroom when they have lunch inside.

Sebastian Muscarella (781 5<sup>th</sup> Avenue): why are we using tri-fold barriers when they are not mandated? How can we adopt curriculum that parents have not seen yet or react to? Ms. Kang responded the Curriculum Adoption Policy language added is specifically from the mandate from the Governor.

Lauren Thiffault (159 Greenway Terrace): why aren't high school students being hired to work for the After School Program this school year? Mrs. Napolitano responded that the After School Program is a separate entity however they said it is their intention for the high school students to work there, but later on in the school year. They want to see how big the program will be due to the first year back after Covid-19. Ms. Thiffault asked to please re-consider the travel restrictions.

Taylor Minervini (181 Wales Avenue): if the Governor does reinstate a virtual option would River Edge participate in the virtual option? Dr. Brockel responded yes, if we have to go back to it we would.

Bobby Kuriakose (320 Webb Avenue): is the Governor's mandate for having school staff being vaccinated or weekly tested the same for the After School Program? Dr. Brockel responded yes, they will follow the mandate.

Motion made by Mr. Sim, seconded by Ms. Brown to adjourn the regular public meeting at 8:45 PM.
